Eric,

The forwarded email is Matt Hunter's permission to quote him in the comment about corbicula in the HHRA.

I also wanted to let you know that I am working on a letter about breast feeding to go to LWG. It will incorporate Mike's work and my own literature search as well as the Public Health Division's take on approach to risk communication and recommendations on this issue. I am shooting to have this done by late February.

Thanks,

David Farrer
